

**ISAM Memorandum of Understanding (MOU) for Organizational Collaboration between  
ISAM and WADD**

This Memorandum of Understanding for organizational collaboration is made between the International Society of Addiction Medicine (hereafter referred to as ISAM) and the World Association on Dual Disorders (hereafter referred to as WADD). The duties and responsibilities are as follows:

- ISAM and WADD agree to identify possible mutual collaboration in symposia, workshops, panels and/or other types of possible joint participation at their respective annual meetings
- Both parties agree to advertise each other's annual meeting and other activities such as workshops and examination.
- Both parties agree to advertise each other's products such as journals and textbooks.
- Both parties agree to identify and collaborate in the promotion of educational activities developed by both societies to their respective memberships in addictions and dual disorders.
- ISAM and WADD agree to provide valid contact information to their respective executive group and head offices for communication and other purposes.
- This designated contact person from WADD will be in receipt of all ISAM notices or news for wider WADD circulation. The same would apply to selected WADD communication to ISAM members.
- Either party through notification to the other party may terminate this agreement at any time.
